## Affect Dysregulation and Disorders of the Self (Hardback)

By Allan N. Schore

WW Norton & Co, United States, 2003. Hardback. Condition: New. Language: English. Brand new Book. In 1994 Allan Schore published his groundbreaking book, Affect Regulation and the Origin of the Self, in which he integrated a large number of experimental and clinical studies from both the psychological and biological disciplines in order to construct an overarching model of social and emotional development. Since then he has expanded his regulation theory in more than two dozen articles and essays covering multiple disciplines, including neuroscience, psychiatry, psychoanalysis, developmental psychology, attachment, and trauma. Affect Dysregulation and Disorders of the Self contains writings on developmental affective neuroscience and developmental neuropsychiatry. It is absolutely essential reading for all clinicians, researchers, and general readers interested in normal and abnormal human development.

### Reviews

*This ebook is definitely not simple to begin on reading but really enjoyable to read through. This really is for all who statte that there had not been a worth reading. You may like how the author publish this ebook.*
